## *Teaching Aids for Children with Special Needs Exhibition*

# *Using Puppets as Teaching Aids*

*Session by*

*Ms. Jaymala Joshi*

*Secretary of South Zone AIWC,  
AIWC Mahila Sangh 'D' Ward*

Ms. Jaymala Joshi took a session on how to use Puppets as Teaching Aids as part of the Skill Development for Youth Program. It was received enthusiastically by the Student-Teachers. Ms. Joshi enacted stories with the help of her puppets and highlighted the advantages of using creativity in lesson planning for conception of the teaching.

Visit to Inclusive Schools

# Gilderlane Special School

## Group 1

*On the first day on 23rd January, We taught the students about Mode of Transportation and Wild animals using teaching aids. And jewelry making activity was conducted. And on the second day, on 24th January, we taught the kids about colors and domestic animals and conducted milking the cow activity. The students were able to understand the topics taught and they participated with enthusiasm in the activities conducted on both the days. It was a great experience with the students and the teachers.*

# Gilderlane Special School

## Group 2

*On 25th of January the student teachers taught numbers 1 to 50 using teachings aid*

*On 27th of January the student teachers taught good habits and bad habits to the children and also taught the children about the different festivals that take place in India. The Student-teachers learnt a lot by dealing with the special children and the student teacher experienced that teaching there is very different than teaching in a normal class as teaching in a special school requires a lot of patience and effort and the students need to be appreciated on small effort they make to learn for better learning.*

# Gilderlane Special School Group 3

*On 30th January paper bag making activity was conducted for students to help them engage in easy and advantageous skills, to support their creativity and boost their self esteem as each paper bag had their hands imprinted on it.*

*On 31st January block painting activity was organized for the students to explore their creativity and experience the colors and varieties of making a single piece of art. Students made plants with the help of various vegetables smeared in colors helping students to stamp and paint beautifully.*

*Mathematics topics were taught to the students subtraction and addition.*

*Parts of the body and parts of the plants were taught with the help of creative teaching aids that helps grab students attention which helps in the class to progress smoothly.*

# Gilderlane Special School Group 4

*On 1st February pot painting activity was conducted for students to help them engage in easy and advantageous skills, to support their creativity*

*On 2nd February Collage Making was organized for the students to explore their creativity and experience the colors and varieties of making a single piece of art. Students made plants with the help of colors helping students.*

*Various Fruits And Vegetables were taught with the help of creative teaching aids that helps grab students attention which helps in the class to progress smoothly.*
