# Communicative English

*Course Title: Communicative English Speaking for Beginners Course*

*Overview: Communicative English is designed to enhance students' proficiency in the English language through interactive and practical approaches. The course focuses on developing speaking, listening, reading, and writing skills necessary for effective communication in various contexts, including academic, professional, and social environments.*

*Programme Learning Outcome:*

- To help beginners develop basic speaking skills in English with a focus on phonetics and grammar.*

*Course Learning Outcomes:*

- Students will be able to pronounce English sounds correctly using the International Phonetic Alphabet (IPA).*
- Students will be able to identify and use English vowel sounds and consonant sounds correctly.*
- Students will be able to use appropriate syllable stress and intonation in their speech.*
- Students will be able to use basic English grammar correctly, including verb tenses, nouns, adjectives, adverbs, and sentence structure.*
- Students will be able to use common conversational phrases and idioms in context.*
- Students will be able to practice using English in everyday situations through role-playing and guided conversations.*
- Students will be able to listen to audio and video recordings and summarize and describe what they heard*
